MESSAGE

The power of Six Sigma in Hospital and Healthcare plays an important role for better patient management. I am very glad to know that Six Sigma Star Healthcare (P) Ltd, New Delhi has taken the initiative to organize the first Asia Pacific International Conference on the "Power of Six Sigma in Hospital and Healthcare Management" and the First Six Sigma Healthcare Excellence Awards on 4-5 Oct, 2013 at Mount Abu. Which, I am sure will go a long way in generating the much needed awareness amongst the persons involved in Healthcare sector.

I wish the Conference and the Awards ceremony the very best and a grand success.

(NARENDRA MODI)

To, **DR. PRADEEP BHARDWAJ**, CEO

MESSAGES

I am delighted to know that GIHM is offering skill development programme, certificate, diploma and degree programmes in one campus for the last two years for regular both through regular classroom sectures and distance learning.

To Make the entire programme useful to the youth of the nation, education system should highlight the importance of entrepreneurship and prepare the student to get oriented towards setting up of enterprises which will provide them creativity, freedom and ability to generate wealth. the institute in partnership with the banks should facilitate provision of venture capital to the prospective entrepreneurs for creating enterprises. It must also hold the hand of entrepreneurs till they produce nationally and internationally competitive products. Thus, GIHM Students should generate employment generators rather than employment seekers.

My greetings and best wishes to all the members of GIHM for success in their mission of generating employable youth who will be partners in our national development.

APJ Abdul Kalam

Well done!!!

GIHM Prospectus Presented to me is very comprehensive and informative containing all relevant information for servos students. It is very well designed. I'm thankful to the team GIHM for such a wonderful work. You all deserve great appreciation and blessings. May god give you all power to make it a grand success in healthcare.

Smt. Pratibha Devising Patil

Why Hospital Management:

Hospital Management is a recession free & challenging profession. Hospital Administration is one of the most competitive and challenging career you can embark on and one of the most rewarding. Hospital Administration is concerned with planning, organizing, staffing, coordinating, controlling and evaluating health services for the community to provide maximum patient care of superior quality at low cost. Hospital administrator is responsible for overall management of the hospital & healthcare services. Hospital administrator are in great demand, In fact, they are the most sought after professionals in healthcare sector today. Hospitals are becoming a highly scientific and complex medical center and are becoming hub of whole system of healthcare. Medical sector is becoming increasingly competitive and capital intensive the need for managing hospitals has become even more acute.

The hospital administrator plays a vital a role in saving lives, without having to take scalpel in hand. The growth of healthcare service sector has increased the need for management professionals to manage hospitals affairs. Hospital management has become the need of the hour today. Healthcare is the world's largest and fastest growing industry. According WHO: The value of the Indian healthcare industry is estimated at 2.7 trillion. The industry is growing at a fast rate of 13% per annum. The private sector accounts for nearly 88% of the total healthcare market in India while the public sector accounts for the rest.

Bachelor of Hospital Management (BHM)

Eligibility: 10+2 (Any Stream)

Duration: 3 Years

Selection: By Group Discussions & Personnel Interview

Let's Benchmark the best practices in Healthcare Management... Be above the MBBS, BAMS, BDS, B.Pharma & Para Medicals.

Do you love challenges, Best Salaries, and Top Positions in Hospitals?

"Hospital Management is one of the most competitive and challenging career you can embark on and one of the most rewarding.

Doctors as Consultant write prescriptions, diagnostic tests and perform surgery, right? Well, who takes care of Doctors, Nurses, Technicians, Para medicals, Administrative staff, the patient and countless other things that go into running a successful management & administration of the hospital?"

The hospital administrator plays a vital a role in saving lives, without having to take scalpel in hand. Let's Benchmark the best practices in Healthcare Management...Be above the MBBS, BAMS, BDS, B.Pharma & Para Medicals.

What is Hospital Management?

Hospital Management is the study of management theory, practice, skills, and attitudes applied to management of hospitals and healthcare organizations. Unique characteristics of healthcare organizations include medical staffs, third party payers, and trusting customers. Healthcare organizations are in the business of caring which require efficient and effective management.

Hospital Management is an honorable management profession in a recession proof healthcare industry growing at annual rate of 14% involving both 'SCIENCE' 'ART'. 'SCIENCE' - because it proves, predicts, defines, measure & utilizes knowledge. 'Art' - because it feels, guesses, describes, express, communicates & practices. 'PROFESSION' - because it requires skills, knowledge and the development of positive mental attitude.

Who should do Hospital Management?

- Those who are compassionate
- Those who want to make a difference in the lives of others
- Those who want excellent career opportunities in India's largest growing recession proof industry
- · Those who want excellent earning

Job Prospects

Why Paramedical Courses:

Paramedical Science is a rapidly evolving profession, which combines aspects of pre-hospital emergency care and primary health care. Professionals working in the field will be expanding their scope into various extended care practitioner roles, such as paramedic practitioners and the remote area practitioner. The increasing demand for skilled paramedical professionals has opened up several career opportunities for young aspirants.

SKILING INDIA TO SAVE LIFE

BLS: Basic Life Support

Valid for 6 Months

Basic Life Support (BLS) Certification Course you'll learn how to perform CPR and how to use an Automated External Defibrillator (AED). You'll also learn how to apply First-Aid and you'll learn about Bloodborne Pathogens.

Basic life support (BLS) is a level of medical care which is used for victims of life-threatening illnesses or injuries until they can be given full medical care at a hospital. It can be provided by trained medical personnel, including emergency medical technicians, paramedics, and by qualified bystanders.

Basic life support promotes adequate blood circulation in addition to breathing through a clear airway:

- Circulation: providing an adequate blood supply to tissue, especially critical organs, so as to deliver oxygen to all cells and remove metabolic waste, via the perfusion of blood throughout the body.
- Airway: the protection and maintenance of a clear passageway for gases (principally oxygen and carbon dioxide) to pass between the lungs and the atmosphere.
- Breathing: inflation and deflation of the lungs (respiration) via the airway

For Whom:

- Worker who are working in Medical field
- Doctors
- Nurses

- Paramedical
- Dentist
- Medical Assistants
- Administrator/Director/Quality Personnel
- Driver

ACLS: Advance Cardiac Life Support

Valid for 2 Years

Advanced cardiac life support or advanced cardiovascular life support (ACLS) refers to a set of clinical interventions for the urgent treatment of cardiac arrest, stroke and other life-threatening medical emergencies, as well as the knowledge and skills to deploy those interventions.

For Whom:

- Physicians
- Nurses
- Medical Professionals working in Emergency, ICU and other Critical Departments that handle life threatening situations

Infection Control Nurse

An infection control nurse is a nurse that specializes in preventing the spread of infectious agents, such as viruses and bacteria. As an infection control nurse, you will have a hand in preventing dangerous outbreaks and epidemics.

Career Prospect:

- · Mandatory in NABH/JCI/Six Sigma
- · Key Member of Infection Control Team

Eligibility:

- · Registered Nurse with State Nursing Council
- · Bachelor Degree Certificates

Infection Nurse - Common Duties

- · Create and implement sanitation policies
- · Bringing rates of infection down within a facility//control and mitigate infection
- · Control and mitigate infection rate
- · Educating other nurses, staff, and hospitals about new techniques that are more effective at preventing infection.

Fire Safety

Fire safety is the set of practices intended to reduce the destruction caused by fire. Fire safety measures include those that are intended to prevent ignition of an uncontrolled fire, and those that are used to limit the development and effects of a fire after it starts.

Duration: 6 Months

- Legal AffairsFrauds & Misconduct
- Quality Assurance and Auditing

Diploma in Naturopathy & Yoga

Nature is life. Naturopathy can play an important role for the holistic development of the personality. To use the various modalities of naturopathy such as mud therapy, hydrotherapy, chromo therapy, diet therapy, magnet therapy, massage, etc., for promotion and preservation of health, it is utmost important to know these components technically and scientifically. Here, the role of naturopathy education and training has become more significant.

Eligibility: 12th Standard Duration: 11 Months

Gas Manifold

Course programme and learning outcomes:

- · List the properties and hazards of a range of medical gases
- Identify a range of medical gas cylinders by colour code, size and other labelling, and select cylinders in accordance with the needs of clinical/medical/engineering requirements
- · Identify and describe the major components of pressurised gas systems and, in particular, a hospital MGPS
- Handle and transport pressurised gas cylinders safely
- · Identify a range of patient-connected equipment requiring cylinder supplies of gas
- · Safely connect and disconnect pressurised gas cylinders from plant, manifolds and user equipment
- Understand and respond to pressurised system alarms, hazards and emergencies, and observe local reporting procedures
- · Replenish and operate (where directed) emergency reserve supply systems in accordance with local states' directives

Eligibility: 12th Standard Duration: 6 Months

Medical Tourism

Trains candidates in understanding the concepts of medical tourism marketing and hospitality services Discusses the current perspective of Medical Tourism Industry

Eligibility: 12th Standard Duration: 6 Months

WORLD CLASS HEALTH CARE QUALITY FOR NATIONAL WELL BEING

BE A CERTIFIED JCI INTERNAL AUDITOR

Internal Audit Training Programme: JCI Joint Commission International

The two days (Non-Residential) JCI Internal Audit Training Programme will not only provide a platform to the present and prospective learners to understand the JCI Accreditation concepts but also to remove any apprehensions about 'JCI Internal Audit'.

Internal Audit is a "Full Dress rehearsal" for the assessments which adds value to the long drawn preparation activities.

The organization that has applied for or has a desire to get JCI Accreditation must opt for JCI Internal Audit as the process follows practices, methodologies and criteria similar to those that are followed by the JCI Assessment team. JCI Internal Audit enables the Healthcare organization to know its actual compliance Status vis-a-vis JCI standards, identifies gaps in resources, processes and outcomes to initiate suitable corrective and preventive actions for improvement. The Programme is also helpful to those who aspire to make their career as JCI Internal Auditor. The programme is organized & offered by Six Sigma Star Healthcare Pvt Ltd., New Delhi, India's 1st and world's 4th largest healthcare consultancy.

BATCH 3: JCI INTERNAL AUDIT TRAINING PROGRAMME

BATCH 4: JCI INTERNAL AUDIT TRAINING PROGRAMME

ADVANTAGES OF "INTERNAL AUDIT TRAINING PROGRAMME:JCI"

- Leads to identification and assessment of gaps in structures, processes and outcomes by an independent body.
- ✓ Ensures compliance with applicable regulations
- ✓ Improves effectiveness and efficiency of processes
- Provides ground facts to Management and other stakeholders
- Staff remains alert because their efficiency/ effectiveness(performance) shall be evaluated
- Tells your current status as regards preparedness in the journey of JCI Accreditation

- ✓ Internal audit highlights the misuse of various resources which helps to reduce avoidable expenses
- Assesses the contributions of the quality team/consultant in your journey for preparation for accreditation
- ✓ Increases the morale of honest and efficient staff
- Provides much needed confidence to the Quality team to avoid last minute hurdles/ disappointments
- Independent assessment gives true status of your hospital to the Management

BENEFITS OF NABH INTERNAL AUDIT TRAINING

- It is an assessment on self.
- ✓ Saves your precious time, money, resources.
- ▼ Tells your current state of preparedness as regards the journey of NABH Accreditation.
- ✓ It is a "Full Dress Rehearsal" of the Inspection and, therefore, gives tremendous confidence to your team to avoid last minute hurdles / disappointments.
- ✓ Improvement of gaps in services, processes and outcomes that are lacking and have been overlooked by the internal team of the Hospital.

- Carry out In-house corrective action in time and before the final inspection.
- ✓ To assess the contributions of your quality team/consultant in your journey for accreditation.
- ✓ Internal auditing frequently involves measuring compliance with the entity's policies and procedures.
- ☑ It helps an organization accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes.

Green Belt provide value within the organization's Six Sigma initiative of ways. They serve on Black Belt project teams to help collect and analyze date, develop process maps, assist the Black Belt in certain levels of statistical analysis, and develop experimental designs for a particular project These activities serve to both support and accelerate progress in every project which helps to maximize the organization's return on its investment, and adds capacity to deliver even greater number of breakthrough improvement projects throughout the company.

Green Belts can also be assigned specific improvement projects to conduct on their own projects that would not require the statistical rigor demonstrated by the Black Belt. Green Belts are able to conduct these projects with the scope of their normal daily roles.

COURSE OBJECTIVES

- Determine critical customer requirements
- Align internal measurements to critical customers requirements
- Use the proven tools and techniques of project management to successfully resource and complete projects on time
- Use the proven tools and techniques of Six Sigma to eliminate non value add process steps and defect drives
- · Identifying good returns projects.

For details write at sixsigmahealthcare@gmail.com

COURSE CONTENT

- Six Sigma D-M-A-I-C
- The Six Sigma Management system
- Insight into Six Sigma Leadership
- Six Sigma management System Case Study
- · Most Frequently used Formulae in Six Sigma
- Glossary of Terminology used in Six Sigma
- Six Sigma & Lean by using Sigma XL and Minitab
- · Precess improvement Teams and Tools
- Six Sigma Teams, Methodology and Tools
- Tables Binominal, Poisson, Chi Square, Z Table, F Table
- DFSS Approach
- Examination for Certifications

WHO SHOULD ATTEND

Managers, Executives, and Supervisors who wants to:

- · Learn this highly valued skill set
- initiate the Six Sigma methodology to eliminate a current business problem
- Successfully fulfil the future role of a Six Sigma Black Belt

MANAGEMENT DEVELOPMENT PROGRAMMES (MDP)

(3 to 7 days Courses)

GIHM MDPs centre around key business fundamentals like Hospital Management, Team Building, Cost Management, Sales & Marketing skills, Management of Organizational Change, etc to emerging issues like Big Data, Creativity & Innovation, and Leadership. These programs are in the nature of 'open-enrollment' courses with participation open to all practicing/experienced managers and/or executives.

The pedagogy employed involves a variety of teaching methods: case studies, simulations, role plays, closed group analysis, and applied learning projects, interspersed with lecture sessions on theory and practice. The sessions are essentially interactive, and participants are encouraged to question assumptions, identify opportunities, solve complex problems, develop operational performance, boost productivity, and in the process, build sustainable competitive advantage. The knowledge and insights gained as a result of such sessions have immediate applications for high-priority management challenges. As a result, participants as well as the sponsoring organization receive a rapid –and lasting–return on investment.

Available Programmes

- 1. Hospital & Healthcare Management
- 2. Negotiation Skills
- 3. Managing by Inspiring
- 4. Communication Strategy for Leaders
- 5. Leadership in Healthcare

ACCOLADES

Your achievements and your contribution to the Armed Forces Community are incredible, and that was what motivated your nominator to put you forward for a 2017 Soldiering On Award. We have also written to your nominator to record our thanks for their time and consideration in submitting the nomination. Congratulations once again on being nominated for the 2017 Soldiering On Awards.

- Wing Commander Tal Lambert, Soldering On Award, UK

I am delighted to know that the Six Sigma Healthcare Excellence Awards have been instituted with a view to recognize the efforts of those involved in Implementing quality initiatives in their respective fields in the healthcare industry. I am sure these will serve as incentives and further the cause of enhancing quality in healthcare. My compliments to the organizers (Six Sigma Healthcare) of these awards.

- Lt. Gen. B.K Chopra, Director General Armed Forces Medical Services, Ministry of Defence, Delhi

Congratulations for rendering sterling services to the cause of the humanity. My compliments to Dr. Pradeep Bhardwaj for organizing the International Summit on Leadership in Healthcare along with Six Sigma Healthcare Excellence Awards. My heartiest congratulations to the winners of Six Sigma Healthcare Excellence Awards 2015. Good luck to all.

- Dr. Naresh Trehan, CMD – Medanta Medicity, Gurgaon

I congratulate and appreciate Dr. Pradeep Bhardwaj for authoring an excellent text cum reference book title-Latest in Healthcare Management.

- Dr. D.S RANA, Chairman, Sir Gangaram Hospital, New Delhi

I must compliment your team for having done such an excellent job. You are indeed doing a yeoman service to the nation in multiple fields.

> - Air Marshal Pawan Kapoor, AVSM, VSM BAR, PHS, DGMS AIR

Please accept my heartiest congratulations for organizing the "World Entrepreneurship Summit in Healthcare & High Altitude Medical Services". I would like to thank you all for bestowing me the honor of the 'Lifetime Achievement Award" 2016. I wish you all the best for the event and good effort that you all have put in the healthcare industry.

- MILKHA SINGH, Flying Sikh, Sector-8, Chandigarh,

I compliment Dr. Pradeep Bhardwaj and team Six Sigma Healthcare for the meticulous planning and bringing all the stream of healthcare under one roof and honouring them as per their excellence. You have made herculean job a reality which was enjoyed by everyone. The luminaries present on that day were Who & Who of medical fraternity. It was a great pleasure and satisfaction to see the delegates from all over the country.

- **Dr. D.R Rai,** Past National Vice President, IMA HQ, New Delhi

It gives me great pleasure and honor to congratulate 'Six Sigma Healthcare, Delhi' for taking on the challenge to organize this international event. Please accept my best wishes and keep going. This is the journey, not destination.

- Satyendar Jain, Minister of Health, Home, Power, PWD & Industries, Govt. of NCT of Delhi

Dr. Bhardwaj is an excellent hospital management professional. He is pioneer in high altitude Medical Rescue and deep understanding of Hospital Administration. He is actively participating in Invited guest talks at various hospitals/ Institutions including AlIMS. He possesses a very sound knowledge of Hospital Planning and Operations Management.

- Prof. M.C Misra, Director - AIIMS, New Delhi

The Six Sigma Management philosophy has become a crucial factor in organizational growth. Six Sigma has been used to address many of the most common challenges faced by the healthcare management. Six Sigma is a solid approach. I convey my greetings and good wishes. Keep it up.

- Dr. Kiran Bedi, IPS, Lt. Governor – Pondicherry

I feel proud for Six Sigma Healthcare for organizing a wonderful International Summit on an Important theme — The Leaders who Inspire Healthcare — Entrepreneurship in Healthcare. I take great pleasure in congratulating the organizer — Dr. Pradeep Bhardwaj & Team Six Sigma Healthcare.

- Dr. Harsh Vardhan, Minister of Science & Technology & Earth Sciences, Govt. of India, Delhi

Dr. Pradeep Bhardwaj has offered the high altitude medical services in the badly affected areas of Nepal Earthquake 2015.

कोस

मैनेजमेंट का सही अर्थ

'मैनेजमेंट' का मतलब केवल काम लेना या काम करने की योजना बनाना नहीं , बल्कि इसे 'कला' व 'विज्ञान' दोनों कहा जाता है । मैनेजमेंट का मतलब लोगों को और अधिक कार्यशील बनाना – यह कला कहा जाता है । और इसे कैसे कर सकते हैं , इसे विज्ञान कहा जाता है ।

मैनेजमेंट के चार प्रमुख सिद्धांत : योजना बनाना, संगठित करना, निर्देशित करना, निगरानी रखना।

हॉस्पिटल मैनेजमेंट

हॉस्पिटल मैनेजमेंट का काम बेहद जिम्मेदारी और भरोसे का है। देश भर में अस्पतालों की तादाद बढ़ रही है और कई सुविधाओं से लैस बड़े और शानदार अस्पतालाओं की संख्या निरंतर बढ़ती जा रही है। जब तक पृथ्वी पर जीवन रहेगा अस्पताल चलते रहेंग और आगे भी बढ़ते रहेंगें। हेल्थकेयर एक रिसेसन प्रुफ क्षेत्र है। मेडिकल या नॉन मेडिकल बैकग्राउंड के स्टूडेंट्स भी इस फील्ड में अपना करियर बना सकते हैं। समय के साथ आप अस्पताल में 'चीफ एग्जिक्यूटिव ऑफिसर' यानी सी.ई.ओ. की पोस्ट तक भी पहुंच सकते हैं। हॉस्पिटल मैनेजमेंट प्रबंधन का एक ऐसा क्षेत्र है, जो करियर के कई रास्ते खोलता है। यह मैनेजमेंट में एक नया कांसेप्ट है। इसमें भारत और विदेशों में रोजगार के पर्याप्त अवसर होता जा रहा है। हय क्षेत्र इन दिनों काफी लोकप्रिय होता जा रहा है।

चुनौतियों से भरा अस्पताल प्रबंधन : टॉप टेन प्रोफेशनल कोर्स

हेल्थकेयर व अस्पताल में सुधार और मरीजों को पूरी तरह संतुष्ट करने के लिए ऐसे लोगों की जबरदस्त मांग है, जो हॉस्पिटल मैनेजमेंट व एडिमिनिस्ट्रेशन में प्रोफेशनल योग्यता रखता हो। पिछले दशक में भारत में भी हेल्थकेयर प्रबंधन में भारी बदलाव आया है। लोग हेल्थकेयरके प्रति पहले से अधिक सचेत और जागरूक हुए हैं। बेहतर हेल्थकेयर व मेडिकल केयर सुविधाओं की मांग दिन—प्रतिदिन बढ़ी है तथा इसके साथ—साथ नए—नए अस्पताल व मेडिकल सेंटर खुले हैं।

हॉस्पिटल एडिमिनिस्ट्रेशन तेज रफ्तार से बढ़ता एक बेहद रोचक करियर है, जिसमें अच्छी सैलरी के साथ—साथ लोगों की सेवा करने का अवसर प्राप्त होता है। ग्लोबलाइजेशन के दृष्टिकोण से हेल्थ सेक्टर प्रतिदिन बूम कर रहा है। ऐसे में हॉस्पिटल एडिमिनिस्ट्रेशन की मांग पहले से काफी बढ़ी है। हाल ही में हुए अमेरिकी सर्वे व विश्व स्वास्थ्य संगठन ने पाया कि, हॉस्पिटल मैनेजमेंट टॉप टेन

प्रोफेशनल में शुमार किया जाता है। इस सबसे बड़ी इंडस्ट्री के बढ़ते महत्व के कारण हॉस्पिटल मैनेजमेंट कोर्स इन दिनों काफी महत्वपूर्ण बन चुका है। इस करियर में सबसे मुख्य बात यह है कि इसमें व्यक्ति को अच्छी सैलरी व आत्म संतोष मिलता है। यह कार्य ऐसा चुनौती भरा है, जिसमें उबाऊपन नहीं आ पाता तथा बराबर रूची बनी रहती है। इस क्षेत्र में लगभग 5000 लोगों की प्रतिवर्ष जरूरत है और भविष्य में इस क्षेत्र की मांग और अधिक बढ़ेगी। आज लगभग हर क्षेत्र में काफी प्रतिस्पर्धा है। DARBIN का सिधंत है कि जो सबसे मजबूत है, वही रहेगा— आज के परिवेश में सत्य साबित हो रहा है। अस्पताल प्रबंधन एक ऐसा मजबूत क्षेत्र है जिसमें सारा अस्पताल आपके मार्गदर्शन से चलेगा।

ऐसा कहा जाता है कि सेहत अच्छी तो सब कुछ अच्छा। स्वस्थ दिमाग के साथ ही आप एक सफल व स्वस्थ जीवन की कल्पना कर सकते हैं। अगर इंसान हेल्थकेयर क्षेत्र में अपनी काबलियत को निखार कर सही दिशा दे, तो सफलता यकीनन आपके कदम चूमेगी।

'अस्पताल प्रबंधन' एक ऐसा जादुई मंत्र है, जिससे आप जीवन संवार सकते हैं। अच्छे भाग्य का इंतजार न करें। अपने सौभाग्य की कुंडली खुद अपने ही हाथों लिखें।

सही दिशा में बढ़ाए गए कदम, आपको सफलता की ओर ही ले जाएंगें। कहा गया है कि सिर्फ 5 प्रतिशत लोग ही कुछ कर गुजरते हैं। 15 प्रतिशत लोग देखते हैं कि क्या कुछ हो रहा है। 80 प्रतिशत लोगों को यह पता ही नहीं होता कि क्या हो रहा है। अतः आप किस श्रेणी में आना चाहेंगें, इसका फैसला आपको खुद ही करना है। अस्पताल प्रबंधन में आप व्यक्तिगत सफलता तो पाएंगें ही, समाज व परिवार में भी आपको सम्मान मिलेगा। जोश हो तो दिल में सेवा का, मृत्यु व जीवन को संभालने का, चुनौतियों से भरपूर करियर का, तो आईए और आगे बढ़िए, इस क्षेत्र में – संभावनाएं हैं, और खुब हैं।

· How many students are doing this course at present?

Many batches have passed for the courses offered. The number of students is generally 50 plus for a batch in various subjects.

· How much will the form cost?

The cost of the application is Rs500 only along with the brochure. Even for the form download from the website, Rs500/- would have to be paid with the courses fee.

· What is the last date for application?

It varies from course to course. It depends on the commencement date of the course.

· Do you also have regular teaching classes?

No. All courses are in "Distance Mode "/TC of education. However, we do have contact classes to clarify the doubts of the students regarding studies, if needed before the examinations. Only a few courses are regular courses.

· Will I get placement after the courses?

Yes of course. The Institute has a very good record for placements. Its provides 100% assistance to get a suitable placement

· How much will be my financial package after completion of the course?

It depends upon the performance both in exams and during the interviews and the place of employment.

· Can I do more than one course at one go?

Yes, you can do it with prior permission of the University. But It is generally not recommended to do 2 courses simultaneously as the exams date may clash. Some Universities do not permit it as a matter of their policy.

· Will I get any concession in terms of course-fees?

It is strictly against the University norms to give any concession(s).

· Can I give exams through internet?

Only Mahatma Gandhi University, Meghalaya, offers the option to take examination through internet, for which you have to confirm beforehand that you want to avail this facility.

· Who will my contact person to address any queries?

It will be the Chief Coordinator of each centre of GIHM. This information will be provided to you at the time of admission.

· Where will be my exam centre?

It may or may not be the centre from where you have registered.

· Where do I deposit the fee?

It is to be deposited at the GIHM or at the centre from where you enrol for a course, please take cash receipt from co-ordinator.

· Can GIHM help me in clearing the exams in any way?

The only help GIHM can provide is guidance about preparation for the examinations.

Where are the seniors placed?

The placements are in different agencies- but generally in various hospitals and healthcare organizations in NCR of Delhi.

Are there any contact programs?

At the end of the curriculum we schedule a contact program to clear the doubts of the students. It is for specific duration for specific subjects as per a program.

$\bullet \quad \text{The Certificate will be given by GIHM, the Assistance Centre or the University?}\\$

It will be from the University concerned but given through GIHM/Centre only.

What if I miss an examination for reasons of sickness or not getting leave from my employers/office?

You can take the examination with the next batch. Each University specifies the maximum duration within which the specific course has to be completed.

If I have to discontinue the course of any reason, will be the fees be returned to me? No the course fee is not refundable.

· What is the medium of instruction for the courses?

All courses are in English/ Hindi except for those offered by Mahatma Gandhi Hindi Vishwavidyalaya, Wardha which offers all courses in Hindi only (including MBA)

· Is facility of a library available to the students?

Yes, you can refer to the books available in the library of the institute but no books are issued for taking out of the Institute Premises.

· Can I come to the institute for clarifying any doubts about the course?

Yes. We encourage students to visit the Institute as often as possible and our faculty assists/helps them with clarification on the course fees?

· Are there any other charges in addition to the course fees?

You have to pay examinations fees for each examination- which varies from Rs1000/- to Rs2000/- $\,$

Do these courses make me eligible for doing the higher courses?

Yes, all the courses are recognized and approved by the concerned authorised for all purposes- be it employment in Government agencies, private industry, enrolment for higher courses or anything else.

What is the role of the information and assistance centre?

They are your contact points for all issues pertaining to the courses – from admission to the results. They are your facilitation agency for interaction with the university as the University does not communication directly from the students.

· What is the difference between "Distance Education" and "full-time "course?

The major difference are as follows:-

- a. The fee is minimal
- The course can be purposed as per the student's convenience as he/she can continue to be employed while doing the course.
- c. Every day attending the college is not required.
- d. The knowledge imparted in distance education is at par with the regular course.
- e. Course material is also provided to the students by the institute.

· What all course do you offer?

We offer almost all the course related to the healthcare (medico legal, operation& management, material management, masters in public health etc.), courses other than healthcare and skill development courses (television, electrician, mass communication etc). In totally we offer 246 courses.

Which course should I opt for?

It depends on many factors viz. your academic background, your interest, financial backing etc. However, the need of the hour is definitely healthcare.

What is the duration of the courses?

It varies depending upon your educational background and the type of the course. (Say, students who have done only 10th, would take 3 years of a course which would be of 2 years duration for 10+2 students. Then there are also some certificate courses extending from 3 to 6 months.

What is the course fee?

The fee for the courses differs and is around Rs 28,000/- per year for PG Diploma Courses. (the brochure has the complete list of fee/ course and eligibility conditions)

How do I pay fee/

Payment mode is cash or DD, Cheques are not Acceptable make DD in favour" Global Institute of Healthcare Management" Payable at (Delhi) A/c No : 50200012705268, Branch: Najafgarh, Delhi, IFSC Code: HDFC003979

· Can I give the course fee in installments?

Yes, you can pay in maximum 2 equal installments by taking written approval.

Where do I get the application form from?

You can either download it from www.gihmdelhi.com or collect it from GIHM centers.

How will we get the study material?

It depends on the course and the university. However, we generally try to give a soft copy through the internet, or may also give a hard copy if the University provides one. Sometimes only the course text books may be prescribed which you may have to purchase from the market.

• Can we also get a hard copy of the same?

Yes, but only on request (and as an exception and not as a rule).

• When will I get the hall ticket?

Before the first examination-on the date of the exam.

Can I get a "Lateral entry"?

Yes, you can, subject to your eligibility (of courses successfully completed) and with prior approval of the University.

• If I have not completed 12th then what will be the course duration?

It will be 3 years and only for those courses for which 10th pass is eligibility.

Are all the courses approval by UGC?

Yes, you can visit the university concerned and centre website for the same, Some PGD are autonomus

• Do we also need to produce any project report?

 $\label{lem:courses} \textbf{Depends. You have to prepare one provided your courses curriculum states so.}$

• Can you help me out for preparing the report?

Yes, we will definitely guide you but major effort will be yours.

What is the marks distribution like?

It differs as per the subjects, but generally internal assessments are of 30% weightage.

What if the University fails me?

We assure that in this scenario nothing but reappearing for the same exam with the next batch is the best solution.

What all documents the person has to carry at the time of admission?

At the time of the admission students are required to bring following documents in original as well as photocopy (Attested):- a) 10th Mark sheet and passing certificate. B) 12th Mark Sheet and Passing Certificate. C) Graduation Mark sheets (all years) for seeking admission to post Graduation courses. D) Diploma mark sheets (all Years) for seeking admission to lateral entry courses. E) Migration Certificate. F) Three Passport size Photographs (6) G) ID Proof (voter-ID OR Driving License or PAN card. H) Residential proof. I) caste certificate (if Applying for Scholarship or loan on reserved category Basis).
